RE: TESCO HANGER SUPPLY – CHINA, HONG KONG & MACAU

Attention: Tesco Apparel Vendors

Tesco is delighted to announce the introduction of a new range of more environmentally friendly garment hangers. Designed by TIC Group, the new hanger range delivers greater benefits in terms of the environment and also in-store presentation.

Our new garment hangers are specifically designed to be reused thereby significantly reducing the amount of plastic waste incurred.

You will notice two differences in the new hanger range. Firstly, metal hooks have been replaced with plastic hooks and, secondly, paper size stickers have been replaced with clip-on sizers. Please note the new hanger range does not currently extend to swimwear, lingerie, hosiery and footwear, also products that currently use hooks will continue to do so (i.e.: bags, wrap bands & multi-packs).

Tesco has appointed the TIC Group as its exclusive supplier of garment hangers for China, Hong Kong and Macau for this new range. Tesco requires that all apparel suppliers located in China, Hong Kong & Macau purchase all hangers and sizers from the TIC Group. Contact details for TIC in Hong Kong and Shanghai are attached.

As a supplier to Tesco, it is also your responsibility to ensure your manufacturing partners are compliant with Tesco's hanger reuse program. Furthermore, it is an infringement of Tesco's intellectual property rights should suppliers source hangers (included in this new garment hanger program) via unapproved factories. Please note that non-compliance can result in your goods being rejected at TESCO distribution centers.

The first four hangers and relevant sizers in the range are available to order in China, Hong Kong & Macau via the TIC Group from Mid November 2007 - the full range will be available from February 2008.

I would like to thank you for your ongoing support and appreciate your commitment to this new requirement.

Yours Sincerely,

Tesco Buying team, UK Head Office

1. Introduction

The Tesco hanger/sizer assortment consists of garment hangers all designed to better enhance the sales floor experience for our shared consumers and to offer Tesco a truly reusable, environmentally friendly hanger range.

This manual has been developed to help both our garment manufacturers and Tesco Merchandisers to understand the requirements of these new hangers/sizers.

It is the Tesco Buying Office's (the Merchants) responsibility to decide if a particular garment will require the use of a hanger. The vendor will then be required to apply both the required hanger and the sizer as noted in this manual. The correct sizer **MUST** be inserted onto the proper hanger/garment prior to shipping.

IMPORTANT NOTICE:

Tesco has appointed the TIC GROUP as its exclusive supplier of garment hangers for China, Hong Kong and Macau for this new range. Tesco requires that all apparel suppliers located in China, Hong Kong & Macau purchase all hangers and sizers from the TIC GROUP. Contact details for TIC GROUP in Hong Kong and Shanghai follow in this manual.

It must be stated that vendors who do not ship merchandise on the required hangers / sizers may incur charge backs and have goods returned as non compliant.

The hanger designs are the registered design of Tesco. Suppliers are not permitted to copy or reproduce these by any means.

2 Ordering

Tesco requests that suppliers place orders by accessing the TIC GROUP website www.tichangers.com and follow the prompts. To use the online ordering system, suppliers must be registered with TIC GROUP, and be issued with a password. Vendors will receive their password upon successful completion of the TIC GROUP Customer Registration Form. (See attached application)

All orders placed online will be automatically confirmed by return email. **All orders will be rounded up to the nearest full carton.**

It is the Supplier's/ Agent /or vendor's responsibility to ensure that the hangers specified by this manual are properly applied to each garment, i.e. Right sizer on correct sized garment, correct hanger type applied to the correct garment, etc. Please be careful to order a sufficient number of sizers to adequately process your merchandise.

2.1 China, Hong Kong and Macau.

Orders should be placed on-line by logging on to www.tichangers.com and follow the prompts. All orders placed online will be automatically confirmed by return email.

Important Note for China only: Chinese Customs Documentation supporting the export of these hangers must be supplied to TIC before orders can be processed.

2.3 Lead times

Allow 14 days lead time when placing orders to TIC GROUP.

3. Customs

3.1 Europe Suppliers/Importers

Importers should ensure that the hanger cost is shown separately on Import Invoices and as a separate entry on the Import Duty Warrant under tariff item 3926909790 at 6.5% duty. All apparel merchandise invoices must include a declaration as per the following example:

Example:

“The unit cost of hangers, of Chinese origin, included on order 1234567 is US\$0.15 each and this cost is included in the invoice cost per unit of the product.”

Overseas suppliers and European importers should ensure that the hanger cost (per unit) and hanger origin is shown on the invoice.

If you have any questions, please contact the TIC GROUP office. We suggest that you also consult with your Customs Agent.

3.2 Hong Kong and China

Upon receipt of orders at TIC GROUP, an email is sent to Suppliers, requesting a copy of their Customs Documentation.

3.3 Other countries

For hangers imported into other countries, it is the responsibility of the Importer to ensure correct customs procedures are followed.
